## About Me

I am a driven, ambitious Computer Science undergraduate looking for an opportunity to exercise and improve my software engineering skills. Eager to meet new like-minded people and work in an engaging environment, I'm thrilled to find new opportunities to start my career!

## Experience

### Computer Science Certificate June 2021

During my senior year of high school, I obtained this certificate by creating a working website and also by passing a couple of tests containing Microsoft Office, SQL, and C++ exercises.

### Bartender Trei Ape Brebu nou July 2019

This summer job helped me develop better teamwork and time-management skills. It has also improved my ability to talk with clients and come up with solutions on the spot.

## Education

### October 2021

Politehnica University Timișoara  
Faculty of Automation and Computing  
Computer and Information Technology

### 2017-2021
